With over ten years of experience as a film editor, I specialise in documentaries. I was part of the editing team for the award-winning comedy documentary "Much Ado About Dying," which won Best Director at IDFA 2022. Additionally, I had the privilege of editing the upcoming feature "Mother Vera", which won the Creativity Media First Look Award at Locarno Festival in 2023 and will be premiered at Visions du Réel in 2024. Alongside these experiences, I worked on programs for television (Or Media, CNN, Manoto) as well as producing the podcast documentary series "Afterwards".
